

Transfer from EDST MEd to MA in EDST

1. It is possible to transfer from an MEd program to the EDST MA.
2. Students who wish to transfer must make a Program Transfer Request to the MA Admissions Committee. The request will include the following information:

Statement of intent: The statement of intent should highlight the following:

- rationale for the request to transfer;
- description of a research topic or area of enquiry and preliminary research design;
- association of the proposed research with research undertaken by faculty in EDST.

Letter of support: Applicants must provide one letter of support from a faculty member who is willing to serve as the research supervisor.

Requests to transfer are considered on a case by case basis. Students must have completed one full term before requesting to transfer from an MEd program to the MA program.

Required Courses in the MA Program

Students transferring from the MEd to the MA program must enrol in EDST 571 in the following September. All students enrolling in EDST 572 must have completed EDST 571.
