7 pm

WELCOME TO UBC
UBC is one of the world’s top research universities. It attracts, nurtures and transforms more than 60,000 students from Canada and 140+ countries around the world. More than 400 hectares in size, our stunning Point Grey campus is surrounded by forest and ocean. The campus itself is packed with great food outlets, things to see, do and experience, as well as places to stay.

A few tips to help you explore:
• Get your bearings: The mountains are to the north.
• Public wayfinding signage is located at major intersections, campus entrances and within covered parking lots.
• It takes about 15 minutes to walk from the east to west end of campus, and 40 minutes to walk from the north to south ends.

CAMPUS DINING
Hungry? We’ve got something for everyone, from poke bowls, gourmet burgers, pizza, salad bars and specialty coffees to congee, sushi, homemade soups and abundant vegan and vegetarian options. Find out what’s open: food.ubc.ca

STAYING ON CAMPUS
UBC Conferences & Accommodation provides short-term accommodation for campus visitors and supports conferences and summer programs from April to September. From the stylishly appointed West Coast Suites to our budget-friendly shared apartments and the Pacific Spirit Hostel, UBC offers affordable accommodation for visitors to Vancouver. suitesatubc.com

OUR LOCATION: MUSQUEAM TERRITORY
UBC’s Point Grey Campus is located on the traditional, ancestral, and unceded territory of the Musqueam people. This site has always been a place of learning for the Musqueam people, who for millennia have passed on their culture, history, and traditions from one generation to the next. Musqueam street signs provide a bilingual experience on campus. As you walk around, view the signs and learn where you are in relation to the land and flow of water. planning.ubc.ca/musqueam-street-signs
