

Adult Education in Global Times

An International Research Conference

Updates on COVID-19 (novel coronavirus)

Posted March 4, 2020

Like many event organizers around the world, we are carefully monitoring developments related to the COVID-19 virus. We encourage all who plan to attend AEGT2020, June 4-7, in Vancouver to stay informed about developments in your home country including the recommendations from credible health authorities as well as any travel advisories that might affect your participation.

We believe it is too early to make any changes to the plans for AEGT2020. But we do recommend that you continue to monitor the conference website for any conference-related updates. Any changes to the plans for the conference will be posted prominently on the website.

Here are a few sources of information on the situation globally, in Canada, British Columbia, Vancouver, and at UBC:

- *World Health Organization (WHO)*
<https://www.who.int/emergencies/diseases/novel-coronavirus-2019>
- *Government of Canada/Public Health Agency of Canada*
