

## **Feminist Aesthetic Pedagogies and Activist Strategies: Encouraging Feminist Imaginaries**

A pre-conference in association with AEGT2021

Thursday, June 3, 2021  
08:00-12:00 PDT

This pre-conference will begin with a very creative virtual visit to an 'art gallery', where adult educator will speak to the works on display and their relationship to the feminist imaginary. This will be followed by a Métissage (woven storytelling) activity where all participants in the pre-conference will have an opportunity to story their own feminist adult education and how it encourages feminist imaginaries of decolonisation, gender justice and socio-ecological change. Due to the highly interactive nature of the pre-conference, we are limiting participation to 30 people. Please contact Darlene ([clover@uvic.ca](mailto:clover@uvic.ca)) to register.

Organisers: Darlene Clover, Kathy Sanford, Kerry Harman, Suriani Dzul kifli, Nabila Kazmi & Tracey Murphy
